MESSAGE FROM THE COORDINATOR

It gives me immense pleasure to take this opportunity to invite you to the Placement Session 2022-23 at the Indian Institute of Information Technology, Kota. The institute is one of the premier institutes in the country and was declared an "Institution of National Importance" by Govt. of India in 2017. We have recently updated our curriculum as per NET-2020. Part of our curriculum is also taught by eminent experts from leading industries to give industry work exposure to our students. IIIT Kota has a strong alumni base with many of them serving internationally reputed companies. Our students possess a great potential which is evident from a new placement record set every year. With one of the best academic curricula in India, our students continually take part and excel in renowned programming and robotics competitions like ACM ICPC, Google Hash Code, e-Yantra, TechGig Code Gladiators, and various hackathons like Smart India Hackathon, Flipr Hackathon, Microsoft Azure Startup Hackathon, Plenty Global Hackathon, TSEC Codestorm Hackathon, etc.

With open-ended learning components in the curriculum, the institute is also committed to the overall development of our students. We express our gratitude for the kind of support received from the industries across the globe offering lucrative placements. We remain committed to making your recruiting experience productive and providing you with the best of talents.

Prof. A. K. Vyas

MESSAGE FROM THE FACULTY INCHARGE

TRAINING & PLACEMENT CELL

IIIT Kota was established in 2013 with a vision to be one of the best institutes for imparting technical knowledge in the world. The institute has laid out a balanced curriculum with a strong emphasis on practical skills and theory and encourages innovations and co-curricular activities. We at our institute provide a conducive environment that nurtures leaders and industry-ready engineers.

The institute is better known for inculcating students with not only the best industry-oriented technical skills but also strong interpersonal skills, and moral and ethical values which are of the utmost importance and play a crucial role in their professional lives. We provide our students with world-class state-of-the-art facilities to experiment, research, and learn for the necessary intellectual and practical growth to serve their engineering creativity.

The year 2022 was an excellent year for IIIT Kota and its students. Almost 92% of the eligible registered students have been placed with the average package of approximately 15LPA, with securing the highest package of 82 LPA. We cordially invite recruiters and members of the esteemed organizations at our institute for the campus placements and internships for the 2023 batch of passing out students.

Mission

To create technical professionals to achieve the present and future requirements of engineering and allied disciplines, IIIT Kota imparts an educational system that transforms students into human power embedded with creativity, innovation, and technology for the betterment of society.

Vision

Characterized by a tradition of creating a center for imparting technical education of international standards, we are committed to excellence in education, Innovative practice, and the concept of lifelong learning. The Indian Institute of Information Technology Kota, deemed to be an Institute of National Importance, was established in 2013 with a vision to contribute to the IT world through education, innovation, research, entrepreneurship, and innovation.

IIIT Kota has been challenging and developing great minds for many years.

Characterized by a tradition of creating a center for imparting technical education of international standards, we are committed to excellence in education, innovative practice, and the concept of lifelong learning. The Indian Institute of Information Technology Kota, deemed to be an Institute of National Importance, was established in 2013 with a vision to contribute to the IT world through education and research, entrepreneurship, and innovation.

IIIT Kota is a joint venture of the Ministry of Education (MoE) Govt. of India and Govt. of Rajasthan with Industry Partners in Public-Private-Partnership (PPP) mode.

The institute is mentored by Malaviya National Institute of Technology Jaipur (MNIT Jaipur) and is situated at MNIT Jaipur. The main site of IIIT, Kota shall be constructed at Ranpur near Kota on 100.37 acres of land made available by the Govt. of Rajasthan. The institute is governed by the eminent personalities of the Government, Industry and Academia.

At present we offer B.Tech in the discipline of Computer Science & Engineering and Electronics & Communication Engineering only.

The institute attracts students from all over India and has the unique distinction of selecting 100% students on merit from across the country and abroad, pushing up the level of discourse and peer group at the institute.

About IIIT KOTA

Academics

Undergraduate Program

The institute offers B.Tech. program for Undergraduate (UG) in the following streams:

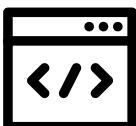

- **Computer Science and Engineering (CSE)**
- **Electronics and Communication Engineering (ECE)**

Postgraduate Program

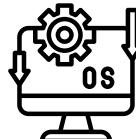

The institute offers Postgraduate (PG) in the following streams:

- **M.Tech. in CSE with specialization in Artificial Intelligence and Data Science**
- **M.Tech. in ECE with specialization in Information and Communication Technology**
- **Ph.D. in major areas of CSE & ECE.**

Major Industry Relevant Subjects Offered Across All Branches

Data Structures and Algorithms

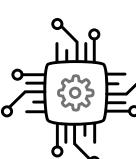

Operating System

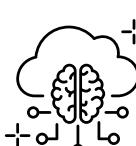

Database Management System

Computer Networking

Embedded System Design (ECE)

Machine Learning (CSE)

Facilities at IIIT Kota

COMPUTER CENTRE

The Computer Centers are located at Prabha Bhavan, 1st floor, MNIT Jaipur campus. These Computer Centers caters to the need of different academic departments and various sections of the Institute by providing and managing extensive computing & networking facilities to the Institute. To facilitate the use of the latest information technology in Institute's teaching, learning, research and administration; to put innovation in technology transfer; to assist the Institute in its mission; to enable faculty, staff and students to use the computer and network resources effectively and efficiently; and to aim to provide the best quality IT services in the region.

LIBRARY

The Library is located at Prabha Bhavan, 2nd floor, MNIT Jaipur campus. Library Committee and Library Advisory Committee for IIIT Kota have been constituted for smooth functioning. IIIT Kota Central Library provides book bank facility to IIIT Kota undergraduate students since July 2018. The institutes library runs its database on KOHA. The VPS Based Online Digital Library Subscription for IIIT Kota Library is being accessed through RemoteX. The IIIT Kota library also provides e-Resources under e-Shodh Sindhu Consortium developed by MoE and supported by INFLIBNET Centre, Gandhinagar, Gujarat. IIIT Kota users can access DELNET (Database service).

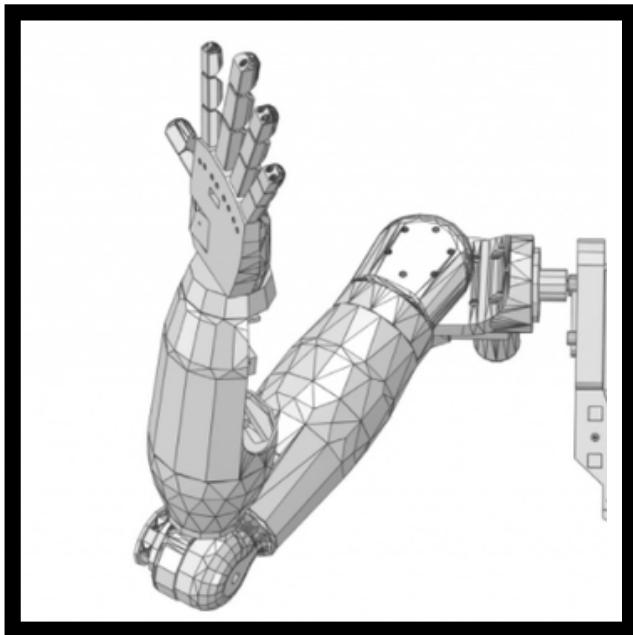

Facilities at IIIT Kota

TRAI (Trusted Robotics and Artificial Intelligence) Lab

IIIT Kota has taken a leap towards the innovation by introducing its new research lab namely TRAI (Trusted Robotics and Artificial Intelligence) Lab. The TRAI lab is setup for the advancement in AI and Robotics research domain. The team members of the lab are working in the domain of ground robotics, aerial robotics and assistive devices for disabled persons. The objectives are to develop and inspire bright young minds of IIIT Kota to incorporate learning through state-of-the-art technological advancements.

Why Recruit at IIIT Kota?

- **Institute Background**

Indian Institute of Information Technology, Kota (भारतीय सूचना प्रौद्योगिकी संस्थान, कोटा) is one of the IIITs established in 2013 as a joint venture of the Ministry of Education (MoE), Govt. of India and Govt. of Rajasthan with industry partners in Public-Private-Partnership (PPP) model. In 2017, the Institute has declared an “Institute of National Importance” under the Indian Institutes of Information Technology (Public-Private Partnership) Act, 2017.

- **Finest Curriculum**

The Institute offers undergraduate programs in Computer Science & Engineering and Electronics & Communications Engineering. IIIT Kota is well connected with peer institutes and industries to enhance research and development, and enrich its educational programs. **The Institute has laid out a balanced curriculum with a strong emphasis on practical skills along with theory; and encourages innovations and co-curricular activities. IIIT Kota provides an environment that nurtures leaders in addition to industry-ready engineers.**

- **Nations Best Talent**

The students of B.Tech. are admitted through Joint Entrance Examination – Main (JEE-Main) and represent the top 2% of the candidates that appear for the exam nationwide. This section of students possess excellent analytical skills, have a thirst for knowledge, and are quick learners. Many former students have distinguished themselves through their contributions to and achievements in industries, academia, business, government, and social domains. Consequently, the Institute has arisen to become a top choice of students.

Why Recruit at IIIT Kota?

- **All-Round Development**

The Institute is committed to providing students the opportunities to develop an all-rounded personality. Many essential soft skills, including communication, conflict resolution, creative problem solving, strategic thinking, and team building, are inculcated in the students through various classroom and co-curricular activities. Also, there are open-ended learning components in the curriculum that enable the students to explore their creative sides and develop innovative solutions and projects.

- **Student Achievements**

With one of the best academic curricula in India, our students continually take part in renowned programming and robotics competitions like ACM ICPC, Google Hash Code, e-Yantra, and various hackathons, including national-level hackathons like Smart India Hackathon, and have always made their presence felt by performing great. We also have many students honing their coding skills on websites like Codeforces, CodeChef, and Leetcode, contributing to open-source projects on GitHub and helping others on forums like Stack Overflow.

- **Industrial Experience**

Practical training is an integral part of any technical curriculum. Summer training and internships offer students an insight into how things work in a professional space. They help students acquaint themselves with the real-world application of the technologies they learned on campus. This exposure helps students to deliver their best when they join the industry as working professionals.

Clubs and Activities

ALGORITHMUS

The Algorithmus club is a community of people of all years that practices and also aims to spread the culture of **Competitive Programming** among all the students of the college. It also helps the students to learn through various informative sessions

GOOGLE DEVELOPER STUDENT CLUB

The developer student club helps students enhance their skills in various technical fields such as **Machine Learning**, **Cybersecurity**, and **Cloud Computing** as well as **Competitive Programming** through informative sessions, blogs, and hackathons.

CODEBASE

The CodeBase is a community formed by the students of IIIT Kota to promote **Open-Source Development** in the institute and hence, maintain a good coding culture. It helps the students explore their technical interests and build free and open-source projects.

ARC ROBOTICS

The **Official Robotics Club** of IIIT Kota helps students gain exposure in the field of robotics through various projects and informative sessions held by the community.

QUILLS 'N' STILLS

The **Official Publishing Team** of IIIT Kota releases a bi-monthly magazine covering all the important institute news and also invites all the students to submit their creative works ranging from photography and art to essays and reviews. It also releases a help book every year for the freshers and hosts literary competitions.

ODYSSEY

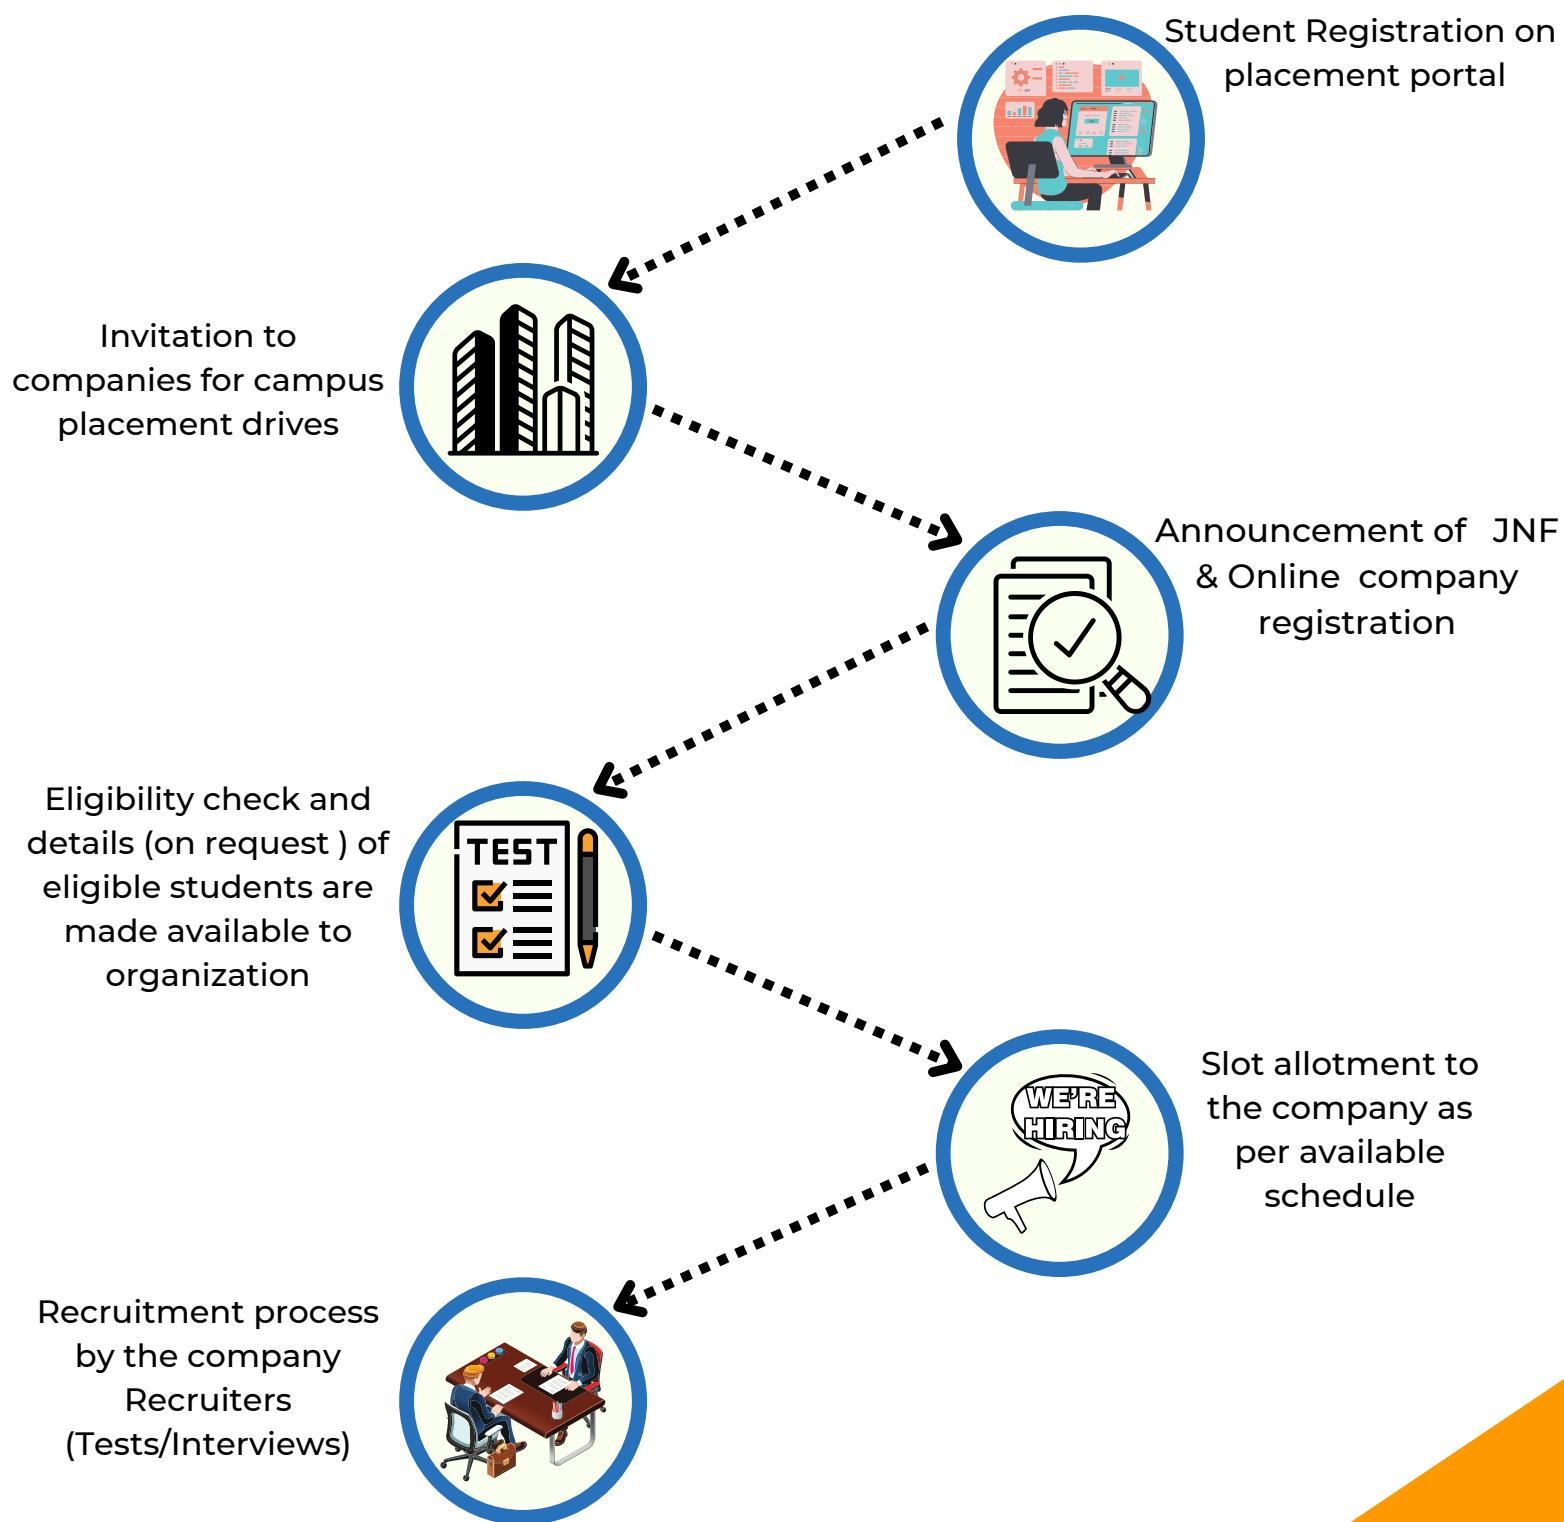

The **Official Literary Club** of IIIT Kota was started with a vision to diversify the way we catch a glimpse at literature. It helps students to discover and improve their hidden talents in poetry writing, debates, blogging and public speaking.

INCOGNITO

The **Official Cultural Club** of IIIT Kota aims to bring out and polish the non-academic talents of students, specifically in the areas of music, dance, and drama. Regular competitions and interactive sessions keep the students engaged and motivate them towards improvement.

How to Reach Us

Rail Connectivity

As IIIT Kota's permanent campus is under construction, hence currently all Official Works, Classes & Labs are functioning at the mentor institute i.e., MNIT Jaipur. The campus is located at Malviya Nagar and is well connected with major railway stations of Jaipur, Jaipur Junction is approx 10 KM away from campus, and Gandhinagar Station is less than 3 KM from the campus.

Railway Services to the city are frequent and daily trains are available from Delhi, Gurgaon, Lucknow & Bhopal Regions.

Air Connectivity

Jaipur International Airport is a hub for Supreme Airlines and Alliance Air in India. It connects Jaipur with all major commercial cities like Delhi, Bengaluru, Hyderabad, and Mumbai through non-stop flights. Located at 6.3 Km from IIIT Kota. It takes approximately 15mins to reach the college campus.

Accommodation and conveyance can be arranged by the Institute on prior notification.
